ENGLISH EDITION

More than a race

Performance. Confidence. Connection.

Asia-Pacific Youth Swimming League (APYSL) is an international youth swimming development organisation dedicated to creating world-class opportunities for young swimmers across the Asia-Pacific region.

Through international competition, high-performance training, education pathways, and cultural exchange programmes, APYSL connects athletes, coaches, clubs, and families. These experiences help young swimmers strengthen their skills, broaden their perspective, and realise their potential in and beyond the pool.

APYSL believes swimming is about more than racing. It develops confidence, resilience, leadership, discipline, and lifelong friendships through sport.

OUR MISSION

To connect young swimmers with meaningful opportunities to compete, train, learn, and grow across borders.

01 PERFORMANCE

Skills and race craft

02 CHARACTER

Confidence and resilience

03 CONNECTION

People and cultures

04 FUTURE

Education and leadership

SWIM BEYOND BORDERS

A wider world begins with one meaningful opportunity.

Four connected programmes

From the first race to long-term development

APYSL delivers four connected programmes that support young swimmers through competition, recognition, high-performance training, and education.

01

APYSL MEET SERIES

AMS

High-quality racing opportunities across progressive competition levels.

02

RANKING & REWARDS

SERP

A season-long points, ranking, and rewards system that recognises performance and commitment.

03

INTERNATIONAL CAMPS

SEIC

High-performance camps led by internationally recognised coaches.

04

ACADEMIC PATHWAY

SEAP

Education pathways that help student-athletes balance academic progress with swimming.

APYSL Meet Series

A progressive competition pathway

International racing opportunities designed to build experience, sharpen race skills, and expand perspective.

A series of international swimming competitions across the Asia-Pacific region, designed to provide young athletes with high-quality racing, international exposure, and purposeful performance development.

Through a structured competition pathway, AMS helps swimmers at different levels challenge themselves, sharpen their racing skills, and gain meaningful experience in an international competitive environment.

What the series delivers

QUALITY COMPETITION

Purposeful racing in a structured environment

INTERNATIONAL EXPOSURE

Experience across cultures and competitive settings

PERFORMANCE DEVELOPMENT

Race craft, confidence, and meaningful progression

Ranking, recognition, progress

Swim Elite Ranking & Rewards Programme

A season-long, points-based ranking and rewards system that recognises athlete performance, encourages continuous improvement, and rewards commitment and participation throughout the season.

PROGRAMME PURPOSE

Make every race part of a visible development journey.

- Recognise performance across the season
- Encourage continuous improvement
- Reward commitment and participation

A season-long system

01 CONTINUITY

A consistent structure across the full season

02 RECOGNITION

Performance is measured and acknowledged

03 COMMITMENT

Participation and improvement are valued

International Camps

Coaching, analysis, education, confidence

High-performance training led by internationally recognised coaches in a focused, supportive environment.

High-performance training camps led by internationally recognised coaches give young swimmers access to world-class coaching, technical development, and applied knowledge of competitive swimming.

The programme combines intensive pool training, performance analysis, sports science, and athlete education to help swimmers refine their skills, build confidence, and progress towards long-term goals.

Focus areas

01 STROKE TECHNIQUE

02 RACING SKILLS

03 STARTS & TURNS

04 RACE STRATEGY

05 SPORTS SCIENCE

06 ATHLETE EDUCATION

Academic Pathway

Education and high-performance swimming

Helping talented young swimmers pursue academic progress without losing momentum in sport.

SEAP supports talented young swimmers in balancing academic development with high-performance swimming. Through partnerships with schools, education providers, swimming clubs, and sporting organisations, the pathway helps student-athletes continue swimming while accessing quality education opportunities.

01

ACADEMIC OPPORTUNITIES

Connecting swimmers with education pathways aligned to sporting goals and long-term development.

02

ATHLETE DEVELOPMENT

Supporting a sustainable balance between academic commitments and high-performance training.

03

INTERNATIONAL EXPOSURE

Creating opportunities to experience overseas training, competition, cultural exchange, and global learning environments.

04

LONG-TERM PATHWAYS

Supporting future opportunities in sport, education, and personal growth.

OUR VISION

BUILT FOR THE NEXT GENERATION

To become a leading youth swimming platform connecting Australia, China, and the wider Asia-Pacific region through competition, training, education, and international exchange.

APYSL brings together swimmers, coaches, clubs, schools, families, and communities to create lasting international connections. By combining elite coaching, quality competition, education pathways, and cultural experience, APYSL helps young swimmers dream bigger, compete globally, and grow into confident future leaders.
